

The College adopts outcome based higher education for making the students competent at national and international level to avail opportunities. The following mechanism is followed by the college to communicate the learning outcomes to the teachers and students.

Before the commencement of classes, first year graduates are made aware by the induction program in which conveners of all committees discuss with the students about last year programme outcomes. Five hours (approx) are spent by the teachers in the above said program. Learning Outcomes of the Programs and Courses are observed and measured periodically. Soft Copy of Curriculum and Learning Outcomes of Programmes and Courses are uploaded on the college portal for public awareness. Besides, the importance of the learning outcomes is communicated to the teachers in every IQAC Meeting and Staff Meeting. Students are encouraged to identify the most relevant concepts that arise in everyday life and devise a strategy in order to arrive at the solutions in the respective subjects and are made to understand the connection between key concepts and applications.

Use software tools and coding at a level necessary to perform mathematical operations, statistical analysis and simulations in solving complex problems.

Use basic laboratory equipment correctly and effectively in order to conduct measurements and analyze and interpret the results including a quantitative understanding of uncertainties by especially Geographical and Science department of the college.
