**WORLD  
ENVIRONMENT  
DAY**

A close-up photograph of a person's hand holding a small, young tree sapling. The sapling has a thin, dark stem and a few small, light green leaves. It is growing out of a dark, moist-looking mound of soil. The hand is positioned at the bottom left of the frame, with fingers gently cupping the soil. The background is a soft, out-of-focus green, suggesting an outdoor setting with foliage.
